

Nanette Sciolla Carney is the Co-Founder and Chief Executive Officer of The Carney Group. Nanette's background includes many years' experience with the IBM Corporation. After several promotions and a successful run with the Corporation, Nanette left the corporate world to raise a family of seven children. Volunteering in her community followed her children's many activities including fundraising and CYO where she was a coach, advocate and athletic director. Her inclusive mindset helped hundreds of young students have the chance to participate in sports. Her naturally inclusive nature prepared her for the birth of her youngest child, John Patrick, who has Down Syndrome.

From day one and continues today, she has been actively involved in supporting organizations such as Variety Club and Special Olympics in order to give JP, and others like him, the fullest life possible.

With a strong desire to return to the workforce years later, Nanette discovered a need in the employment sector for mature, experienced professionals. In 1992, along with her husband, John, she launched The Carney Group. Since then, her dedication has led the company to a WBENC Certified, award-winning, nationally-recognized full-service Talent Acquisition and Staffing Firm. Many of these accolades include CEO of the Year from the Main Line Chamber of Commerce, Woman of Distinction Winner, Hall of Fame Champion of Older Workers, Small Business Achievement Award and a recurring Philly 100 Award Winner.

She is deeply committed to supporting the growth of professional women in the business community. She was a founding member of the Chamber of Commerce of Greater Montgomery County's Women's Network over 20 years ago and served as its Chairperson. In addition, she was integral in the founding of the Society of Professional Women, SPW, which is part of the Main Line Chamber of Commerce. Service to the community has always been an integral part of her life and served on the President's Council of Gwynedd Mercy University, the Board of Directors of Mount Saint Joseph Academy, and currently serves on the Board of Directors of the Chamber of Commerce for Greater Montgomery County. She was a co-founder of the first Power Your Potential Conference in 2015 where she has seen the impact and inspiration of all those involved.

She is a strong believer in the fact that "Women can have it all, they just may not be able to have it all at the same time."
